LVT

## Sylvan

Sylvan is inspired by the quiet beauty of the forest—where weathered wood, soft light, and natural textures create a sense of calm.

Designers drew from these elements to craft authentic tones and organic variation that reflect the honesty of real wood. Sylvan combines the warmth of handcrafted planks with the resilience of modern LVT, made to live beautifully in everyday spaces.

More than flooring, Sylvan brings the grounding presence of nature indoors—creating spaces that feel calm, inviting, and alive.
