

Digital Luxury Vinyl Tile (DLVT) Warranty

EF Contract warrants its Digital Luxury Vinyl Tile (DLVT) flooring products strictly according to this document and revisions of this document only. Printed or saved versions of this document may not reflect the most current and applicable revision. The most current version is available on the EF Contract website Warranties Page. The warranty covers flooring material as outlined below and reasonable labor costs where applicable. The warranty extends only to the original purchaser of flooring and flooring in its original installation. The warranty is not transferable. The original receipt is proof of purchase, and the date of the receipt serves as the beginning of warranty coverage. The flooring must be installed in accordance with EF Contract installation instructions and must be maintained in accordance with EF Contract cleaning and maintenance instructions in order to maintain full warranty coverage.

INSTALLATION

EF Contract recommends that our Digital Luxury Vinyl Tile flooring be professionally installed. Any remedy offered by the flooring warranty will not include labor where the flooring was not installed by professional installation technicians. Any installation workmanship issues should be addressed to the retailer from whom the flooring was purchased or the installation technicians who installed the flooring, as EF Contract does not warrant installation. EF Contract is not responsible for labor costs where visibly defective product is installed.

REPLACEMENT/REPAIRS

EF Contract may repair or replace DLVT product in affected areas to satisfy obligations of the warranty one time. If replacement is necessary and the identical flooring is not available, EF Contract will provide flooring of comparable quality, color, and value. Any replacement product is warranted for the remainder of the original warranty period. If replacement material exhibits problems in the same way as original material, conditions in the space may not properly support use of Digital Luxury Vinyl Tile flooring products. EF Contract recommends when installing new Digital Luxury Vinyl Tile flooring, maintain extra stock of the flooring (minimum one full carton) for future repair or replacement.
