Wildwoods

In mossy thickets lie a mosaic of wooded groves - a virtual doorway to the misty solitude of nature and a beautiful inspiration of bramble and willows. Wildwoods pays homage to these lovely timberlands by reimagining the grain patterns and organic shades of ancient woodlands. From the light airiness of alder, juniper and cottonwoods to the richness of yew and poplar, Wildwoods' 7"x48" LVT brings nature-inspired sophistication to living and working spaces.
