

# Elan + Esprit

MODULAR CARPET

## Elan + Esprit

Elan is a dynamic, complex texture that uses tea stain space dye and metallic accents for interest. Esprit exudes energetic yet elegant styling. The pattern is an abstract blend of organic and geometric elements creating a spirited tension. Both patterns are available in 18" x 36" modular tiles in seven colorways.

Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation. These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not EF Contract's, responsibility.
