Simple Weave

We're EF Contract.

Part of the fastest-growing, most progressive family of flooring companies, we stand for confidence in quality, relentless service and doing right by all. Our products are inspired by you: offering the carpet and hard-surface flooring that you want and need, that you've been seeking but unable to find, until now.

Every collection, pattern and colorway are created with best in class performance and in pursuit of design that is simply beautiful.

Modular carpet has transformed the flooring industry, with its **durability, ease of maintenance and design flexibility.**

We go even further, creating wide-ranging formats including squares, planks and skinny planks—as well as patterns and colorways that enable a **custom look to every floor.** So you can install coordinating products or even multiple colors of a single design to create variety within your space.

Simple Weave

The construction, though inspired by the age-old art of weaving, is fine and disciplined. The formats, large planks and broadloom, present opportunities to establish the best floor plane for your project. The yarn adds a unique, slightly eccentric element. Minimal, foundational with a touch of detail. Perfection for the modernist in you.

Backings

NEXUS® MODULAR
Nexus modular products can be installed in a variety of ways and are performance engineered to be visually appealing. In addition, they are designed to accommodate your long-term flooring budget.

- Contains pre-consumer recycled content and contributes to LEED
- Recyclable through EF Contract's R4 Carpet Reclamation Program

Adhesives

COMMERCIALON® PREMIUM MODULAR ADHESIVE
A high-strength acrylic latex-based carpet adhesive specifically formulated for bonding modular PVC-backed carpet to the floor. This premium adhesive is for use with all Nexus Modular Tile products. This adhesive is guaranteed for the life of the installation when used in accordance with the EF Contract Carpet Installation Handbook. Commercialon Premium Modular Adhesive meets the CRI Low-VOC Emission Criteria. Commercialon Premium Modular Adhesive is nontoxic, has ultra-low odor and is antimicrobial in the dry state.

Optional

TILETABS
High Tack Adhesive Tabs (modular only)

Technologies

PROTEX® SOIL RELEASE
ProTex is a proprietary soil release technology that is applied and bonded to the pile fiber to impede soiling and to improve cleanability. It is standard on all EF Contract flooring products.

Optional

PROSEPT® ANTIMICROBIAL
SENTIR® ADVANCED ODOR-BLOCKING TECHNOLOGY

Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation. These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not EF Contract's, responsibility.
