PLANKS

Time Zone

Time Zone mimics the effect of shadows and light on linear design, resulting in an interplay of tone-on-tone lines that fade and meld into each other. Six quick ship colorways with subtle neutrals and strategically placed stripes make for effortless and endlessly creative installations.

**SIX TILE VARIATIONS
WITHIN EACH COLORWAY**

A shift in color value is an inherent attribute of this style and is reflected across multiple tiles. Randomizing placement of tiles will ensure a quality installation.

Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation. These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not EF Contract's, responsibility.
